### Ages of Attendance

In accordance with Connecticut General Statute 10-186, the Board of Education shall provide education for all persons five years of age and older, having attained age five on or before the first day of January of any school year, and under twenty-one years of age who is not a graduate of a high school or vocational school, except as provided in Connecticut General Statutes 10-233c and 10-233d. Additionally, according to Connecticut General Statute 10-76d (b2), special education will be provided for children who have attained the age of three and under twenty-one years of age who have been identified as being in need of special education, and whose educational potential will be irreparably diminished without special education.

Parents and those who have the control of children five years of age and over and under eighteen years of age, are obligated by Connecticut law to require their children to attend public day school or its equivalent in the district in which such child resides, unless such child is a high school graduate or the parent or person having control of such child is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools. Effective July 1, 2001, the parent or person having control of a child sixteen or seventeen years of age must consent to such child's withdrawal from school. The parent or person shall exercise this option by personally appearing at the school district office to sign a withdrawal form. This district shall provide the parent or person with information on the educational opportunities available in the school system and in the community.

The parent or person having control of a child five years of age shall have the option of not sending the child to school until the child is six years of age. The parent or person having control of a child six years of age shall have the option of not sending the child to school until the child is seven years of age.

The parent or person shall exercise such option by personally appearing at the school district office and signing an option form. The district shall provide the parent or person with information on the educational opportunities available in the school system.

A child who has attained the age of sixteen or seventeen and who has terminated enrollment with parental consent in the district's schools and subsequently seeks readmission may be denied readmission for up to ninety school days from the date of such termination.

A child who has attained the age of nineteen or older may be placed in an alternative school program or other suitable educational program if he/she cannot acquire a sufficient number of credits for graduation by age twenty-one.

### Dropouts

Parents and those who have the control of children five years of age and over and under eighteen years of age, are obligated by Connecticut law to require their children to attend public day school or its equivalent in the district in which such child resides, unless such child is a high school graduate or the parent or person having control of such child is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools. The parent or person having control of a child sixteen or seventeen years of age may consent to such child's withdrawal from school. The parent or person shall exercise this option by personally appearing at the school district office to sign a withdrawal form. The district shall provide the parent or person with information on the educational opportunities available in the school system and in the community.

The administration, guidance staff and faculty of the school system shall extend every possible effort to the end that each student may meet with success in his/her school program, have a favorable school experience and earn a diploma. Every attempt will be made to identify the potential dropout and to provide the appropriate resources in order to assist such students.

Any student who seeks to drop out of school shall be referred immediately to a guidance counselor or school administrator. The student, if under eighteen years of age, must present to the guidance counselor or administrator the required written parental consent of his/her withdrawal. If the student is at or above the age of majority no such parental consent shall be sought. A student under age eighteen shall not be allowed to withdraw who has not presented such parental consent.

The interval between the student's announcement of his/her desire to leave and the possible presentation of the written consent will be used to attempt to dissuade the student from leaving and to resolve his/her problems so that he/she might continue in school and finish satisfactorily.

## Students

### Disenrollment

The Board of Education views regular and uninterrupted attendance at school, by law, as the responsibility of each student and his/her parent/guardian(s). Classroom learning experiences are an important and integral part of the learning process and vital to student success.

In addition, the Board understands and appreciates the critical need and importance of accurate student enrollment counts/data at the district and individual school levels. Such counts are crucial to the appropriate fulfillment of the Board's responsibilities related to budget, personnel and facility planning, currently and long range. District enrollment data, forwarded as required to the State Department of Education, must also be up-to-date and accurate to facilitate the timely, correct and equitable calculations of grant entitlements supportive of district efforts.

The Board directs the Superintendent of Schools or his/her designee to develop and implement the necessary procedures to ensure the accuracy of District enrollment counts through the timely removal from District rolls of those students no longer attending and/or eligible for services in the District.

### Disenrollment

In order to ensure the accuracy of District enrollment counts, the following procedures shall be utilized:

1. Annually at the beginning of each school year and upon enrollment of a student during the school year, the Building Principal shall notify the parent or other person having control of the student ages five to sixteen inclusive (to age 18 effective July 1, 2001) enrolled in school of the obligations pursuant to C.G.S. 10-184 to assure that children between the above cited ages attend school or otherwise show that the child is elsewhere attending instruction.
2. Annually at the beginning of the school year and upon enrollment of a child during the school year, the Building Principal shall request from the parent or other person having control of a student ages five to sixteen inclusive, a telephone number or other means of contacting such parent or such other person during the school day. This is also a means to determine whether a child is still residing within the district.
3. Each school shall maintain a system of monitoring individual absences for each student, determining for each student which absences are considered excused and which are considered unexcused in conformity with Board policy. Whenever an enrolled student in a school fails to report to school on a regularly scheduled school day, school personnel or volunteers under the direction of the Building Principal or his/her designee shall make a reasonable effort to notify such parent or such other person by telephone of the student's absence. This procedure is to be utilized in the absence of a call from the parent/guardian on the day of each absence.
  - a. Schools shall notify parent/guardians of the requirement/expectation that a call be placed to the school (designate to whom) giving the reason for the student's absence.
  - b. The above procedure is to be followed by a written note from the student's parent/guardian to the homeroom teacher indicating the reason for the student's absence. All such notes shall be forwarded to the school's main office or other designated area in order to be kept on file for the duration of the school year. In the absence of a call or written note, the school secretary/nurse/teacher/guidance counselor (designate responsible party) shall contact the parent/guardian to ascertain the reason for the student's absence. A written log of such shall be maintained.

## Students

### Disenrollment (continued)

- c. The above procedure shall be utilized to ascertain student truancy if the student is determined to still be residing in the district but not attending school for a valid legitimate reason. Procedures outlined in the district's truancy policy shall be followed if it is determined that the student is to be classified as truant.
  - d. At the end of each school year, each school shall report to the Superintendent the number of students ages five through sixteen inclusive who have been classified as truants but remain on the district's enrollment list.
  - e. The required meetings with the parents/guardians of truant students and necessary referrals to Superior Court in compliance with applicable statutes shall take place.
  - f. Each month a letter shall be sent from the Superintendent or his/her designee to the parents/guardians of all truant students urging parents to meet with school staff to devise a plan to help the student maintain regular attendance. The letter shall contain the warning of a court FWSN referral.
4. Whenever a student transfers to another school district, the student's records will be transferred to the new district no later than ten (10) days after the receipt of such notification. Upon the receipt of such a transfer of records request, the student shall be disenrolled from the previously attended school.
  5. Parental notification and request for a transfer of records to a new school district shall also be cause to immediately remove the student from the enrollment list.
  6. A student with excessive absences, without excuse, shall be referred to the Planning and Placement Team for evaluation for a possible disability.
  7. A student sixteen years of age or older may voluntarily drop out of school and should be removed from the school's enrollment. Effective July 1, 2001, students under 18 are subject to mandatory attendance laws unless their parent or other person having control of the child consents to their withdrawal from school. Such action shall be reason to remove the student from the school's enrollment list.

## Students

### Disenrollment (continued)

8. The beginning of a school year presents a unique situation in that a student who previously attended school and/or was on the school's enrollment list does not reappear at the start of the new school year and prior to the official October 1 reporting of enrollment to the State Department of Education. The above cited procedures for "tracking" attendance shall be utilized to determine reasons for the absence, possible truancy, drop out status and continued residency in the town/city. These specific additional procedures shall be utilized:
  - a. After five days of no attendance at the beginning of the school year, a call shall be placed to the home by the person designated by the Principal (secretary, nurse, counselor, social worker, etc.) to determine reasons for absence and continued residency in the District. The parent/guardian and the student will also be notified by mail.
  - b. After two weeks of continued no attendance, another call shall be placed by the designated party to determine reasons for absence and continued residency in the District. A letter, as above, shall also be sent.
  - c. After a period not to exceed three weeks (fifteen absences) from the first day of the new school year and after the above mentioned attempts a registered letter, "return receipt requested" shall be sent to the last known address of the student in which notification is given of the removal of the student from the official enrollment list of the district/school if the student is over 16 (18 after 7/1/01) years of age. A student under age 16 (18 after 7/1/01) may be disenrolled if through this process it is determined that the student is no longer residing within the town/city.
