The Board of Education believes the schools belong to the people of Thomaston. The Board accepts the responsibility for making its facilities available to responsible organizations, associations, and individuals of the community for appropriate civic, cultural, welfare or recreational activities. The Board of Education reserves the right to establish a priority of use of school facilities to ensure minimum interference with daily instructional programs. The Board authorizes the Superintendent of Schools to establish such a priority and to apply it in approving and scheduling the use of school facilities. The specifics of these resolutions are part of the Administrative Regulations.

In addition, the Board of Education has established certain safeguards to ensure proper protection and maintenance of the school's physical plant and equipment. The facilities and equipment are to be used only as stated in the Administrative Regulations.

Equal Access of School Facilities to Student Groups

This school district will grant equal access, without discrimination, to non-curriculum related student groups who wish to conduct a lawful meeting in a secondary school during non-instructional time regardless of the religious, political, philosophical, or other content of the speech at such meetings.

Limitations on such meetings shall be as provided by law:

1. The request must come voluntarily from student(s);
2. Neither the school district nor any of its employees may sponsor the meeting(s). Assignment of school employees to a meeting for custodial purposes is not sponsorship.
3. Employee(s) of the school district who may be present may not participate in religious meetings so conducted.
4. Such meetings may not unduly interfere with normal school operations.
5. Regular attendance or any kind of control by non-school persons is prohibited.

This school district will not expend any of its funds to provide equal access as defined above except for incidental costs of providing space.

The school district will exercise its authority to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at permitted meetings is voluntary.

Conditions Applicable to All Groups

1. Use of facilities is not to interfere with the school program
2. Use of facilities must be within the hours of regular custodial service for non-paying groups only.
3. Use of facilities by nonpaying groups will not create unreasonable additional supervisory or custodial requirements. These groups may be required to provide anchor pay for supervisory coverage.
4. Organizations will provide sufficient supervision to restrict use to permitted areas. If required, all groups will set up and reset the facilities for school use.
5. Organizations will provide a Certificate of Insurance to free the Town of Thomaston and the Board of Education from all liability.
